

Authors are invited to submit **original research** or **extended works** of previously published papers in conferences and/or journals. Topics addressed are, but not limited to:

<p>Agile software development AI and Knowledge based software engineering Aspect-orientation and feature interaction Autonomic and (self-)adaptive systems Cloud computing Component-based software engineering Computer supported cooperative work Configuration management and deployment Cooperative, distributed, and collaborative Cyber physical systems Debugging, fault localization, and repair Dependability, safety, and reliability Distribution and parallelism Embedded and real-time software Empirical software engineering and metrics End-user software engineering Formal methods Green and sustainable technologies Grid software Human-Computer Interaction Internet and information systems development Middleware, frameworks, and APIs Mining software engineering repositories Mobile and ubiquitous computing Mobile applications Model-driven engineering Object-oriented techniques Parallel, distributed, and concurrent systems Performance Probabilistic systems Program analysis</p>	<p>Program comprehension Program synthesis Programming languages Recommendation systems Refactoring Requirements engineering Reverse engineering and software maintenance Search-based software engineering Security, privacy and trust Software architectures and design Software components and reuse Software economics and metrics Software engineering Software evolution and maintenance Software modeling and design Software policy and ethics Software processes and workflows Software product lines Software requirements engineering Software reuse Software safety and reliability Software security Software services Software testing and analysis Software tools and development environments Software visualization Specification and modeling languages Theory and formal methods Traceability Ubiquitous/pervasive software systems Validation and verification</p>
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Paper Submission Deadline: 28th October 2016

Acceptance Notification: 20th November 2016

Issue Publication (Online): 01st December 2016

More details and more topics are available here: <http://www.journalofsoftware.org/call-for-papers>

For other information and paper submission, please see the website: <http://www.journalofsoftware.org>
